Activities in City Park

By Joe Schrader

It was slightly over 200 years ago when Thomas Jefferson affixed his name on a document that has, over the years never failed to falter and will forever be called the "Declaration of Independence". We've celebrated the occasion ever since.

Grayling residents will have the opportunity to participate in the area's special event on Saturday, July 5th instead of the 4th. A downtown parade is scheduled to start at 11:00 a.m. and will proceed from the elementary school to the courthouse, where from there, numerous other activities will continue on into the afternoon and evening, with the Fireworks Display scheduled at dark.

Sheriff Reports B & E's on Rise

According to Crawford County Sheriff, Joe White, Breaking and Entering are still on the rise in the area. Last week's total of 12 B & E's prompted White to note that area residents should continue to be aware of unusual or suspicious behavior. White added that any information supplied to his office will be kept strictly confidential.

Deputies were extremely busy last week, investigating over 80 complaints. The Ambulance was called out 7 times during the week which also saw investigations surrounding 2 criminal assault cases, 7 marine complaints, 9 larcenies and 9 malicious property destructions.

White's office also investigated 9 larcenies, 6 personal assaults, 3 alarms and one hit and run accident.

Deputies were also called to three civil/family disputes and also made 3 D.U.I.L. arrests on county roads.

Other office activities included 1 fire investigation, 2 prowlers, 1 personal injury accident and 1 check law violation.

In other investigations and services the department delivered several emergency messages, followed up on loud party complaints and assisted area fire and police departments.

With the upcoming crush of tourists Sheriff White again cautioned all area residents to exercise extreme caution on the highways and waterways throughout the county.

Candidates Must File Campaign Statement

All state and local elected officials, legislators, candidates for public office and committees who have spent or received over \$500 for the next election in which they will participate, must file an Annual Campaign Statement by June 30, according to Secretary of State Richard H. Austin.

Austin, who supervises elections in Michigan, said the report, required by Michigan's Campaign Finance Reporting Act of 1976, must contain an itemized listing of receipts and disbursements connected with each filer's campaign activity. The statements must either be filed with the local County Clerk or the Secretary of State, depending on where the candidates, committees or officials registered under the Campaign Finance Act.

Forms and instructions needed to complete the statement are available in each county clerk's office or from the Department of State Campaign Finance Reporting Section at 208 N. Capitol Ave. (Mutual Building), Lansing. Telephone-373-8558.

State Police in Operation CARE over 4th of July Weekend

The Michigan State Police are requesting citizen cooperation in a nationwide traffic safety program called "OPERATION CARE." This "Combined Accident Reduction Effort" has received commitments from over 40 other states' law enforcement agencies to provide a continuous patrol effort on their state highways during the July 4 holiday period.

In Michigan, this effort will involve approximately 200 additional troopers each day who will be working longer shifts and on their days off. These officers will be driving special marked patrol units which will be identified as "OPERATION CARE" units by stickers on the rear sides of the cars.

These additional patrol units, assisted by local law enforcement officials, will be patrolling county, state, federal, and interstate highways in an attempt to create safer driving conditions for See Operation on page 16

Added Suits Fuel Controversy

Prosecutor Escalates Pay Fight with County

By Joe Schrader

County prosecutor Alton T. Davis has decided that back pay alone is not enough compensation and is now seeking additional relief in his continuing battle with the board of commissioners over the chief assistant's job.

In suits served Wednesday, June 25th, Davis is seeking damages from the commissioners, "individually, jointly and separately" in the form of compensation for time he has personally spent pursuing the matter. Additionally, he says the defendants should be required "to return to the Crawford County budget" the sums of public money spent by the defendants (the commissioners) on civil counsel to defend this action." Attorney David Sabin, counsel for the county, recently advised the commissioners that he will no longer represent them in the matter and reliable sources have indicated that John B. Huss has been appointed to replace him.

Sabin's resignation came in the wake of a board reversal in

another matter involving the location of the administration of the Crawford County Cooperative Reimbursement Program.

Named as defendants in the June 25th suit are Chairman Lawrence Mattis, Jackie Bonkowski, Claude Halstead and Matthew Bidvia. Also commissioners Jeanette Kitchen, John Miller and Andie Neilson, all of whom were board members during the period when budget cuts were made, including those affecting the pay for the chief assistant prosecutor.

When contacted, Board Chairman Larry Mattis declined to comment on the matter.

Davis says he has maintained a record of the time he has spent on the dispute and in the suit asks for compensation "at his normal hourly rate for legal work." Claiming the prosecutor's job is only part time, Davis said the attention he has devoted to the matter has consumed time from his private law practice.

The original complaint Davis lodged involved pay discontinued by the commissioners for the assistant prosecutor this year plus \$2,500 in salary cut from the 1977 budget when he himself occupied the assistant's post.

The Board slashed the salary in 1977 because they claim the prosecutor's office was providing reduced services, although the salary was restored to the budget in 1978 and '79. The board also claims the 1977 cut had been agreed to by then-prosecutor Thomas Kent.

The decision to eliminate the salary altogether in 1980 brought an immediate objection from the prosecutor's office, who took a position Davis claims is supported by an opinion from Attorney General Frank Kelley. The total compensation (for 1977 and '80) in terms of back pay amounts to over \$5,000.

The latest suits were served individually to each of the members of the board last Wednesday afternoon.

Board Weighs Middle School Recommendations

By Joe Schrader

Price tags range from a low of \$1.77 million for renovation, to as high as about \$3 million for reconstruction of a Middle School in the Crawford-AuSable District.

These figures were revealed at the June 16th school board meeting when the Middle School Advisory Committee recommended reconstruction of the facility rather than renovation. The decision of the committee concurred with those of educational consultants Raymond Kehoe (U-M) and Donald O. Bush (CMU) who conducted independent studies at the facility during the past three months.

The unanimous decision capped an exhaustive 3-month study by the 12-member citizen's board and came at its May 27th meeting.

Although the charge to the board was confined to deciding between renovation and reconstruction, its report contained other options the committee had considered, including a "shared facility" educational complex at the high school site.

Chairperson Jack Stockhaus presented the committee's report and conclusions to the board, who met in special session June 30th to review its recommendations in detail.

Although the committee acknowledged the feasibility of

renovation, its final conclusion ruled out the alternative in favor of reconstruction. In a synopsis of renovation considerations, the report concludes that the disadvantages outweigh the advantages. The committee cites higher operating and maintenance costs, inflexibility, uncertain life expectancy, learning constraints, site limitations and the interruption of learning activities associated with a renovation move.

Lower initial costs, use of existing facilities and accessibility to students were acknowledged as renovation benefits.

The report outlines certain facts the committee took into consideration when studying the problem that included:

a. The present middle school site is not adequate in size (3 acres) to provide for the essential facilities associated with a middle school program.

b. The present middle school facilities fail to comply with many existing regulations, codes, and statutes.

c. The present Middle School facilities are in a distressed physical condition.

d. The present middle school facilities contain many obsolete construction methods.

e. The age of the present middle school facilities vary from 1917 to 1955.

f. The present sites for the high school and elementary school are large enough to accommodate a middle school facility in whole or in part.

g. Undeveloped lands of adequate size around the Crawford AuSable School District are available for a middle school.

h. The present middle school facilities are inefficient with regards to energy conservation. The report also provided the board financial considerations, figures developed by Asst. School Supt. Paul Lerg, ex officio committee member.

On the current State Equalized Valuation for the Crawford AuSable School District and assuming no changes in the basic configuration of the district, a millage rate based on an average cost of 7.00% for 30 year amortization would approximate:

Estimated Bonded	Bonded	Millage Increase
\$3,000,000	2,500,000	2.50 mills
2,000,000	2,000,000	2.08 mills
1,000,000	1,000,000	1.67 mills

These figures assume the average increase in the Crawford AuSable School District Equalized Valuation remains the same as the period from 1975-80.

In reaching its recommendation, the committee reviewed an in-depth renovation analysis made in 1978 by Buitendorp Associates, another 1976 study by Wakely-Kushner Associates and a report from VanderMeiden, Koteles and Associates made in March of 1980.

Buitendorp priced renovation at \$1.3 million in 1978, approximately 50%-60% of reconstruction costs. Projecting this figure

In the summer of '76, Scott Fick, Chuck & Marilyn's son, was an exchange student in Chile with the Arancibia family and vacationed with them again in the winter of 1979.

Last Thursday, Paula and Loreto, along with the Fick's, lunched with Mr. and Mrs. Norm Heinemann in Traverse City. The Heinemanns from Coldwater, were recently a host family for Paula's sister.

Paula & Loreto, who are cousins, will return to their homeland Chile the end of this week. (Joe Schrader photo)

A Month of Sundays

For the month of July, Grayling Assembly of God will be celebrating the 200th Birthday of the Sunday School in America, Pastor Steve Bach has announced.

The congregation of the Assembly of God has planned many fun and fascinating events for the month of Sundays in July.

On July 6th an Old Fashioned Sunday is being planned. We will dress in attire from the 1800's. The church will be decorated with candles, lanterns and some antique items. Men and women will sit on opposite sides of the church as they did way back then and our Deacons will be on their bench in front of the people as well. A lot of work has gone into following the methods of old fashioned worship.

On July 13th there will be a special dedication of all teachers of the Sunday School, honor of all charter members, and reception of new members.

A very special event will take place November 18-19. Our clown "NOODLES" will be with us again. For all children who came to our Vacation Bible School when we had Noodles, you just won't want to miss these two crusades. They will begin at 6:30 in the evening.

On July 20th we will be having a Birthday Party for the Sunday School. We will be serving refreshments and showing a brand new film entitled, "The Great Banana Pie Caper" during our 11:00 Morning Worship.

On July 27th there will be an illustrated sermon for the children and after the morning worship there will be a "Nooning" or dinner on the ground. The children will be given pony rides and we will have an outdoor worship service at the San-Sheri Campground on U.S. 27.

Pastor Bach extends to everyone in our community a warm and cordial welcome in celebrating the Sunday School Birthday with us. If you want details regarding any one of these Sundays, Please call 348-7132 and we will be glad to inform you.

LOCAL DIGNITARIES turned out to welcome Bill and Betty Cross into the Grayling Chamber of Commerce. Bill and Betty, (center), new owners of the Wagon Wheel Cleaning Center located on the I-75 Business Loop, are shown accepting a Chamber Membership plaque, from Mayor Sandy Thompson (right) and Ralph Stevens (left), Chamber Board member, while other officials look on. From Our Corner ...

Do you want some good advice from the ole timer? Make plans now to take in the huge 4th of July celebration planned for Grayling...the Grayling Booster Club is planning on having their festivities and huge fireworks display on Saturday, July 5th...

Each year the celebration gets larger and larger and the fireworks are the largest in Northern Michigan... So, don't miss it...take our advice and be here on Saturday, July 5th for a fun filled day...

After getting this turkey off the ground tonight we find ourselves right back in the groove of blankness...Irv stopped by last Saturday and offered his help, but that was too early for us to even think of some of the things he offered for our corner, most we could not use anyway...

An idle thought...we still have not seen any action by the Michigan State Highway Department in getting things ready for the most important project in Grayling...putting in a new railroad crossing on M-72 West...hope it hasn't been pigeon-holed.

We heard a little human nature story last week...seems as how this couple came into the Shoppenagons for breakfast, and the lady mentioned to their waitress that they had breakfast there 33 years ago on their wedding day, and the gentleman spoke up and said it was as good today as it was then...Burnis, their waitress spoke up and said it should be, it's the same cook that prepared both...that's longevity for Ethel Parkinson...

You would think that some one who is around 40 years old and supposedly works for the Bay City Times would know the difference between orange pop and orange crush...not so, we don't know what kind of exam Morrill had to take in order to be employed by the Times, it certainly had nothing to do with orange drinks...and to think we have been trying to cover for him and make his bosses in Bay City think he really is trying to do his job...

We've lost our right hand man this week, Joe Schrader will be gone, hopefully, for just the summer...Mike Delp, Grayling High School teacher is filling in for the summer months...Mike toiled for the CCA a few summers ago, back when we were hot type, and during the summer of Grayling's 100th birthday...the only way he said he would help out the ole fella this summer was if he didn't have to pour pigs, run the ludlow or throw in the metal pages...we assured him those days are practically extinct...now all you have to know is how to cut out paper dolls and you have the basis of working on pages...

Another idle thought...seems quite prevalent lately that when certain photos are taken for the Avalanche our two managers of the electronic media just happen to be at the function so they can get some exposure that they can't get through their own media...that should tell you something...

We've struggled long enough with this turkey for tonight...too many things happening today that kept us away from conjuring up some of our more brilliant essays...

With the big 4th of July celebration coming up this weekend all we can add here is...have a nice sane-safe holiday...

A plant of 20,000 walleye fingerlings was made in Lake Margrethe last Friday afternoon, it is reported by Hans Peterson, District Fisheries Supervisor for the Conservation Department. The baby walleye were transported here from the Wolf Lake State Fish Hatchery. The walleyes should be ready to catch next year Peterson said. Under good conditions, they should measure from 12 to 14 inches in length by next season, the veteran fisheries expert added. He continued that under ideal and perfect conditions walleyes have grown to 18 inches in one year.

Work is well started on the museum building for the Hartwick Pines park. The foundation is just about finished and logs will be laid soon. The park is also undergoing landscaping. Mr. P.T. Temple, of Detroit, a well-known landscape artist, is assisting in the work.

Keeping things up-to-date is one of the things Shoppenagons Inn believes in. Four new tables have been added to the grill, thus increasing the capacity of the popular place. The place is clean as a whistle, and comfortable, and the service is courteous. Drop in for your favorite drink, or your beer. Hot coffee and lunches too are served there.

Mary Jane Joseph and Patricia McKenna are spending a week as the guests of Mrs. Alvin Burch at her cottage at Torch Lake.

Mr. and Mrs. George B. Schley, of Indianapolis, Ind., are spending a week at their cottage at Lake Margrethe.

69 Years Ago July 6, 1911

They all came back. This time it is William Shellenberger and family who moved to Alabama three years ago, who arrived on Thursday to stay.

The Government thermometer registered at this place 95 degrees Saturday, 98½ degrees Sunday in the shade, and reached 115 degrees in the sun and some more since.

Cards received from R. Hanson and J.K. Hanson with their wives, from Denmark, report they had a fine voyage and are enjoying every hour in the home of their childhood.

James Ballard, a former resident and type in this office, now on the Tawas Herald, is here with his wife and daughter for his vacation, the guests of his sisters, Miss Edith Ballard and Mrs. F.S. Burgess. His appetite for trout seems proverbially as strong as ever.

Nearly all of our people who did not leave by railroad the 4th were at the lake or down river. Sunday over 120 tickets were sold here at the M.G. office, costing the purchasers about \$320.

A Taylor was thrown from a load of hay last week by the sudden starting of his team. He is yet walking quite dignified from the effect of the sudden stop across his back.

Mr. Schumann, our new boss, has been detained in the south part of the state by business and is not expected here until the last of the week. So all errors will of course be charged to the devil.

"After over thirty years of constant sliding with the Avalanche, we present with our compliments our sweetest smile and lowest obeisance and say "good-bye" as editor. For the errors I have committed and the enemies I have made I am willing to be forgiven, and promise that my interest here shall be no less than in the past, and I lay down the paste pot, shears and pencil with my best wishes for the success of every citizen of the county, past, present or future. D. Palmer."

The Bible Speaks

From Calvary Baptist Church

The Giant David Couldn't Kill

2 Samuel 21:15-17

All of you know the story of David and Goliath, but have you ever heard of the giant David couldn't kill? Let us read the story together:

"Moreover the Philistines had yet war again with Israel; and David went down, and his servants with him, and fought against the Philistines: and David waxed faint. And Ish-benob, which was of the sons of the giant, the weight of whose spear weighed three hundred shekels of brass in weight, he being girded with a new sword, thought to have slain David. But Abishai the son of Zeruiah scoured him, and smote the Philistine, and killed him. Then the men of David swore unto him, saying, Thou shalt go no more out with us to battle, that

thou quench not the light of Israel." 2 Samuel 21:15-17.

The first thing we need to remember, Satan doesn't stop fighting. David had killed the Philistine Goliath, but now he is faced with the Philistine Ish-benob. We may win a victory against Satan, but Satan doesn't surrender. If he can't destroy us with one sin or temptation, he will try another.

The next thing we are reminded of are the words of David as he prepared to kill Goliath with a sling and rock: "...the battle is the Lord's and he will give you into our hands." 1 Samuel 17:47. David killed his first giant as a youth, but now as a trained man of war "David waxed faint." God does not need our experience and strength. David killed Goliath as a sheep herder on errand. As king, David is almost killed by the second giant. God does not need our social position or reputation for victory.

We are reminded that God often shares His glory with the least, not the greatest. David as a shepherd boy became a hero for killing Goliath. Now that David is king, God used Abishai to kill the giant. David then had a taste of how King Saul felt when God used young David for victory.

After a lifetime of victory, David's soldiers turned on his reputation at his first defeat. "Then the men of David swore unto him, saying, Thou shalt go no more out with us to battle, that thou quench not the light of Israel." People are still quick to criticize a man who is faint and weak on his feet. Cowards like to put their 2 cents in when a hero stumbles.

Inability to defeat Ish-benob did not keep David from future victories. "These four were born to the giant in Gath, and fell by the hand of David, and by the hand of his servants." 2 Samuel 22:22. One defeat did not destroy David as a warrior, but it helped mature him to fight 4 more giants on another occasion.

It is our responsibility to fight spiritual giants of our generation, but we dare not forget, "...the battle is the Lord's..." (adv.)

Brother To Direct Neil Simon Comedy

Danny Simon, brother of playwright Neil Simon, was signed by the Cherry County Playhouse to direct the season opener, Chapter Two, July 1 through 13.

Simon is accustomed to working in conjunction with his brother. The Simon boys wrote together for ten years. Their joint ventures include writing for Milton Berle and Phil Silvers, and writing and directing Your Show Of Shows starring Sid Caesar. Of his brother's plays, Danny has previously directed Plaza Suite starring Carol Burnett and George Kennedy, and The Odd Couple. In addition Neil has used Danny as a model for several of his characters; the Hollywood Producer in Plaza Suite, the Older Brother in Come Blow Your Horn, and Felix in The Odd Couple.

Among Danny Simon's many credits he was the first director of the Carol Burnett Show. His other television credits include director and head writer for Love American Style, Kraft Music Hall, several Mac Davis specials, The Big Show. In addition to his brother's plays he has directed The Apple Tree, The Impossible Years starring Milton Berle, and Norman Is That You starring Jose Ferrer for the stage.

Bits O'Talk

By Fay Boeve

Mr. and Mrs. John Kasper of Davison spent a few days last week visiting his mother, Mrs. Joseph Kasper. They also spent a day in Traverse City.

Joe and Joyce Ely of K.I. Sawyer A.F.B., Michigan are the parents of a baby girl, Dee Anne, born June 18, 1980 and weighing 8 lbs. Grandparents are Joe & Evelyn Ely and Mike and Joyce Ingalls.

Evelyn and Ab Sager had with them for a recent week, their niece, Barbara and her husband, Lynn A. Parnell of Poway, California. Their granddaughter, Sherry and husband, Dr. Michael A. Ledtke of Saginaw also joined them for a few days. The two young couples went to Mackinac Island, floated the river in canoes and genuinely enjoyed Evelyn's good cooking. Lynn also had the experience of trout fishing from a river boat.

A NOTE OF THANKS

We also wish to thank the Top O' Michigan and General Telephone crews for putting in the new lines and restoring service to our home.

I cannot understand why for the small difference of \$35.00 our Road Commission awarded the painting contract of County buildings to an out-of-county firm in the amount of \$3,290.00.

With the unemployment rate in Crawford County at 18% and the thousands of tax dollars paid by local contractors and citizens, why can't we invest our community dollars within our own community.

Why should the voter of Crawford County be asked to pass a millage increase or renewal when our elected officials invest our money elsewhere.

Shirley Bendig broke a record, we believe, in Wednesday morning golf league play when she came in with low of 39 also giving her low net of 29. Corrine Smith still holds the women's course record of 38, but in league play it is assumed that the 39 is low. Congratulations! Shirley also had a bird on number 8 along with Mabel Gothro who had one on 3. Gloria Nielson put in only 12 putts. It was a good day for Flight A!

In Flight B, Babe Aderante came in with 51 and shared low net with Ricki Stahl with a 34. Doris Harland and Carole Thompson dropped in 15 putts each and Dorothy Walker chipped in on number 3.

For Flight C, Elsie Jansen had low of 58, Nora Fraser took low net of 33, and Kathy Parkinson also dropped in only 15 putts.

Dodie Brady and Doris Harland conducted the drawing and Mabel Gothro and Ann DuBois presented the prizes following luncheon served by Flight B women.

Chipper and Putters—remember, July 10! There will be potluck following position night play. Bring your own meat to grill and a salad for the salad bar.

TV—nation's babysitter

RICHARD MILLIMAN

What are the most frequently spoken words in America today?

According to someone who is deeply involved in the training of today's young people, they are: "I'm busy, so watch television."

Authority for this claim is Bob Keeshan, better known as Captain Kangaroo, who has probably had a greater influence on America's children than anyone since Dr. Spock (only through his baby book, however).

Captain Kangaroo has been on television, entertaining and training children, for 25 years or so, which means he's into his second generation of influence in many cases.

Speaking recently at Dartmouth College in New Hampshire, Mr. Keeshan expressed considerable concern about parents using television as a baby sitter.

"Most of our parents...in this country today do not seem to care about the time spent or the programs being viewed by their young people," Keeshan-Kangaroo said.

"The most often spoken words in America today, are not 'I love you,' or 'You did well at that,' or 'That's not so bad, go back and try it again, you can do it.'"

"No, the most often spoken words we hear in American households today are 'I'm busy, so watch television.'"

It's a sad commentary, but I suspect Keeshan-Kangaroo is pretty close to the truth in his observations. And while the giant TV eye is baby sitting our children, it is also influencing them, for good or ill.

Television, I'm convinced, has helped to make today's generation of young people perhaps the most aware, most informed, most advanced group of people the world has even seen. That because television can be—and frequently is—a

dynamic and effective learning instrument, and showing us history as it happens. That is not always good, usually it is.

There's the other side of the coin, too. As Keeshan fears, I think we have come to use television as a crutch, a soporific, mental and emotional narcotic, which has addictive qualities. And that's not so good. Parental contact and control are neglected, thus leading to ineffectiveness.

Several columns back, I claimed that if I were able to gain complete control over the three major television networks and what they put into America's homes, I could establish, whatever morals, whatever standards, whatever individual practices I chose to promote; with complete control of television, I could establish complete control of the entire country...and do it within a generation.

I still believe that. Kids say the darnedest things, as Art Linkletter (another old TV pro, of course) used to say.

A recent book compiled by a teacher named Harold Dunn has collected some youthful comments about politics and president. Child-like they may be, but childish many of them are not. Some which caught my fancy included these:

- "Being nominated means watch out unless you don't mind being elected."
- "If some law said the Republicans and the Democrats had to meet at the same convention, people might have to stand closer together, but their ideas would probably be even farther apart."
- "Elections use two kinds of machines: voting and big city."
- "Calling a person a runner-up is the polite way of saying you lost."
- "Political strategy is when you don't let people know you have run out of ideas and keep shouting anyway."

Cheryl Lynn Boone and Kenneth Clayton Halstead were united in marriage in a double ring ceremony, at the Grayling Free Methodist Church on Saturday, May 31, 1980. Rev. Otis C. Smith officiated at the seven o'clock ceremony.

The bride was given in marriage by her father. Music was provided by Mrs. Jan Olson, who played the piano and sang, "The Wedding Song", "Welcome to my World", and "The Wedding March". The bride wore a floor length gown with aproned chapel length train, lace sleeves to offset high lace neckline with sequins and pearls to match flowers of the same on the skirt of the gown, and a fingertip veil. She carried a bouquet of white daisies, mums and Lillies of the Valley.

Miss Jackie Smith, matron of honor, was attired in a blue floor length gown with hat to match. Miss Gail Leist, bridesmaid, was attired in a yellow floor length gown with hat to match. Miss Kimberly Hall, bridesmaid, a peach floor length gown with hat to match. All carried bouquets of pastel daisies, mums and Lillies of the Valley.

Melissa Halstead, daughter of the groom, wore a blue floor length gown and carried a basket of flowers.

Donald D. Boone Jr., brother of the bride, served as best man. Duane and Kim Halstead served as groomsmen for their brother. Joe Smith and Marvin Leist were ushers, and the groom's son, Kenneth was ring-bearer.

The bride's mother, was attired in a powder blue floor length gown with a long sleeve blue lace caftan.

Her step-mother, was attired in a light blue floor length gown with matching floral sash.

Mrs. Halstead chose for her son's wedding a floor length gown in floral print of pink and lilac.

The bride is the daughter of Mr. Donald A. Boone Sr. and Mrs. Dorothy Niceswander, she is a 1980 graduate of Grayling High School.

The groom is the son of Mr. and Mrs. Claude T. Halstead, 1966 graduate of Grayling High School, and is employed at Nelson Tree Service.

The couple will reside in Frederic.

A reception was held at the Frederic Township Hall for 150 guests.

The bride's grandparents were there also, they are Mr. and Mrs. James Goudie, Mr. and Mrs. Clayton Boone, Nancy Niceswander and Alvin Brown. Marvin Leist, the bride's brother, had a weekend pass and was able to attend the wedding.

Out of town guests were from Brethren, Albion, Gaylord, Roscommon, West Branch, Kawkawlin, Boyne City, Alpena and Fort Knox.

An Open Letter to the Voters of Crawford County:

As many of you are already aware, I am seeking the Republican nomination for the office of Sheriff in Crawford County. In doing so, I join two formidable and longstanding Republican candidates. I am doing so because I feel the voters benefit most when there is new blood, new ideas, and spirited, though friendly, differences of opinion among the candidates.

Over the course of the next few weeks, I will be doing all I can to present to you my qualifications, my views, and my goals for the years ahead. To do this, I will be running newspaper ads; buying radio time; using responsibly placed signs and, most important, meeting with as many of you as possible to answer your questions, as well as get your viewpoints on important Law Enforcement issues concerning us all.

In these upcoming days, I will be visiting each Township, knocking on doors and attending as many functions as time will permit. I will make myself available whenever possible with candid views on the present and future problems facing Crawford County Law Enforcement (including the fiscal as well as legal ramifications).

I thank those who have already pledged their support to this effort and welcome the challenges that lie ahead. If, after the next five weeks of intensive campaigning, you find yourself in agreement with my goals and proposed policies, I would appreciate your support in the August 5th primary.

Sincerely,

MIKE ANTHONY

4.6 Any such owner, agent or person in charge who is responsible for the neglect and lack of maintenance which results in an order being issued by the Township Board that such building must be restored to a safe condition or that the building must be demolished, shall be charged with all administrative costs and expenses incurred in the enforcement of this Ordinance, and as ascertained by the Township Clerk for the Township of Grayling.

4.7 All costs assessed against the owner, agent or person in charge may also be assessed against the property on the tax rolls unless otherwise paid by the owner, agent or person in charge. "O Say Can You See"

Festooning fire fingers streak down the sky while soft July breezes stir across upturned faces and the band plays softly.

Suddenly I see beyond the framework of our celebration. I see fireworks and flags, hard-boiled eggs and potato salad, a parade down Main Street, cotton candy, roller coasters, and the dance at the country club. I see a little band of people crossing the ocean to make a new life. A woodsman hacking a trail westward, a man and his woman working together to make a home in the new wilderness. I see rows of graves in France, marking fallen doughboys. Four young men raising a flag on Iwo Jima, and an astronaut blasting off to yet a new frontier. I see a sweet land of liberty.

One of the most important things this land stands for is a man's right to worship God in the way he wants. Go to your church and take advantage of this precious heritage.

Operation

(Continued from Page 1)

Michigan's driving public. Patrol efforts will be directed to eliminate speeding and drinking drivers, with special effort on creating a smooth flow of traffic to reduce accidents.

This program was fully implemented during the 1977 Labor Day holiday and resulted in the lowest death toll for that period since 1961.

It is through this special effort that your state trooper is saying, "Your Michigan State Police care, won't you? Please...Drive 55".

FUTURE UNCERTAIN—While the Grayling Middle School is enjoying its 64th summer vacation, the school board is studying the recommendations of the advisory committee, who said it should be replaced. (Joe Schrader photo)

School

(Continued from Page 1)

forward and using an inflation factor of 1.5% per month, the advisory board pegged the current renovation price tag at \$1.77 million. Cost of new construction is estimated in the \$3 million dollar range.

During the course of its study, committee members also made personal visitations to schools where recent renovation projects had been completed. Dr. Diedrich and Bernadine Dosch visited a Harbor Springs project, members Donald Denton and Fred Allen traveled to see an East Jordan school project and Lorna Morse visited an East Lansing Middle School. The visits were made "in order to gain a greater appreciation for renovated school buildings," the report noted.

Another factor cranked into the committee's deliberations was projected school census figures.

According to the Bush report, total school enrollment can be expected to rise about 2% by 1984 with Middle School enrollment (grades 6-8) projected to rise by only a handful of students over the next four years, from 443 in 1979-80 to an estimated 459 in school year 1983-84. Part of the committee's recommendation to the school board was a suggestion that a timely school census be taken to provide a sound data base for projecting student population. The 1979-80 school year showed a district school enrollment of 1977 students.

In the course of its Middle School review, the advisory committee formed a sub-group to consider a suggestion by Russ Hubbard that a "shared facility" building be located at the high school site.

Out of the study came a sub-committee that contained three plans, all of which advocated the use of current underused high school facilities by both Middle and high school students. Of the plans, the one considered most worthy of school board review would call for K-5 students at the elementary schools, with grades 6-8 housed in addition to the present high school building.

The subcommittee envisioned that students in grades 9-12 would continue to be separated from the younger students through the use of a separate, but attached "pod" for the lower grades. With the exception of certain shared facilities, all instruction of middle school students would take place in the new pod.

The plan would also call for required additions to the Grayling elementary school to relieve crowded conditions and eliminate the use of the portables.

Shared facilities at the high school would include facilities like the gym, auditorium, vocal and instrumental music rooms, home economics and art rooms and athletic fields.

Rationale behind the Hubbard subcommittee, which also included Dr. William Diedrich and Lorna Morse, was lowered initial costs because of the shared use of these facilities.

The subcommittee suggested the option be considered because of the apparent cost-effectiveness of the plan as well as the expanded opportunities for gifted/talented middle school students to avail themselves of advanced courses offered within the existing high school program.

In recommending reconstruction, the advisory committee cited the following advantages:

a. Reconstruction will result in a lower operations and maintenance costs as efficient space utilization can be designed in along with modern energy conservation technology.

b. Reconstruction opens opportunities for the consolidation of facilities, the shared use of facilities and the possible replacement of undesirable temporary classroom space.

c. Reconstruction could result in transportation cost savings. The committee also recognized the disadvantages including high initial costs and the inability to make use of all existing middle school educational facilities.

Part of the committee's recommendation to the board also included disposal of the middle school in an acceptable manner except for the vehicle maintenance facility and gymnasium, built in 1955, which the committee said "could serve as a community center."

Serving as vice-chairperson on the committee was Ruth Grutch, along with citizens Donald Denton, Russell Hubbard, William Kraus and Lorna Morse. Fred Allen and Bernadine Dosch were school board members on the committee and Russell Phillips, Middle School Teacher, also served.

Ex officio members were Dr. William Diedrich, Paul Lerg and Middle School Principal Dale Nicholas.
